# Open Registration For Girls Fast Pitch Softball Is Almost Here!!!

We are very happy to have your daughter(s) and family joining our organization. Our mission is to provide a venue for your daughter(s) to enjoy fastpitch softball by introducing them, teaching them, and having them play this great game. Please read the brief material below and then click on the link at the bottom to start the registration process.

Our last year was one of tremendous achievement. Several of our recreation league teams were champions in their divisions. Our all-star teams not only competed strongly in area tournaments, but our 10's and 12's year-old all-stars represented California at Western Nationals (See [www.belmontsoftball.org](http://www.belmontsoftball.org) for details). And for the first time our 8 & under all-star teams competed in multiple regional tournaments and had the time of their young lives.

We want your daughter and you to be a part of this great experience.
